Sarah Nader – snader@shawmedia.com

Chad Binger, chiropractor at Binger Chiropractic Clinic, poses for a portrait at his Huntley office.

the Huntley Park District, and I'm involved with my church. My business sponsors a Sun City softball team, a theater group, a bowling league team, local baseball travel teams and numerous golf outings and 5K races. What drives my service is that I feel that I am part of the community. The first day I started to work in Huntley I felt like I belonged here. I love the patients who I serve, and I enjoy serving alongside other local business owners to support

our community. It is easy to give back to a community you believe in. I have enjoyed watching Huntley grow and change over the years and am excited for more progress to come.

What is something you have never done but want to do some day?

My bucket list consists of hitting a hole-in-one, catching a 10-pound walleye and a 20-pound pike.

What is the best career advice you have received?

Focus on helping people and getting them better; everything else will fall into place.

Which CEO would you most like to spend the day with and why?

Mark Cuban because he is a very aggressive entrepreneur who is not afraid to take risks.

Nominator's comment:

"Dr. Chad Binger should have been nominated for this award a long time ago," his wife Nancy Binger said. "Dr. Binger is a beloved chiropractor in Huntley. He opened his practice in 2002, and it has grown and flourished over the past 12 years. He is known for his kindness, his gentle spirit and his genuine care for his patients. He takes care of all ages of patients from babies to the Del Webb community. His patients rave about him. He hardly does any advertising because his word of mouth referrals have grown his business to what it is today. He is a valued member of the Huntley community and is very worthy of this recognition."

What is your job and what makes you good at it?

As a chiropractor I try to be compassionate and respectful to my patients. I understand that my patients are oftentimes in pain. My goal is to lead them towards healing and educate them on healthy living.

What accomplishments and innovations are you most proud of this year?

I am proud to say that I have done very little advertising to build

my business. Most of my patients come from referrals and word of mouth. After 12 years of practice, my business is still growing.

How do you give back to the community, and what drives your service?

I give back to my community through involvement and sponsorship. Over the past 12 years, I have been a member of the Huntley Jaycees, Huntley Lions, Huntley Rotary and the Huntley Chamber of Commerce. I also volunteer with
